# Gastro Anti-Ulcerant

A gastro anti-ulcerant medicine is a type of treatment that attempts to decrease or neutralize excess stomach acid production.

These medications are often used to treat illnesses such as acid reflux, gastroesophageal reflux disease, and peptic ulcers, which are caused or aggravated by excessive stomach acid production. These medications assist reduce symptoms and aid recovery in associated illnesses by lowering stomach acidity.

Making Life Healthy™

## Gastro Anti-Ulcerant

### Ppnetatm

**Composition :**  
Each enteric coated tablet contains :  
Pantoprazole sodium IP

Lami Tube

# Pain & Fever Management

Managing pain and fever can be challenging in a fast-paced and busy life. When dealing with these issues, it's essential to get proper and quality medications. Anti-analgesic drugs are substances that can counteract or reduce the effects of analgesics, which are medications used to relieve pain. These drugs are not commonly used for pain management.

## Pain & Fever Management

### Netamol<sup>TM</sup> 500

**Used In :**  
To treat various bacterial infections, including sinusitis, pneumonia, ear infections, bronchitis, and skin or urinary tract infections.

₹ 171.80

Pack Size  
10 X 10 Tablets

## Amoxineta®-CV 625

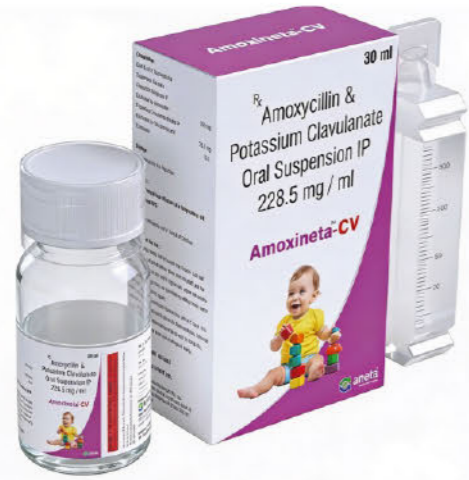

**Composition :**  
Each film coated tablet contains :  
Amoxicillin Trihydrate IP  
Eq. to Amoxicillin . . . . . 500 mg  
Potassium Clavulanate IP  
Eq. to Clavulanic Acid . . . . . 125 mg  
Excipients . . . . . QS

**Used In :**  
To treat various bacterial infections, including sinusitis, pneumonia, ear infections, bronchitis, and skin or urinary tract infections.

₹ 195.5

Pack Size  
10 X 1 X 10 Tablets

# Amoxineta-CV™

**Composition :**  
 Each 5 ml contains :  
 Amoxicillin Trihydrate IP  
 Eq. to Amoxicillin ..... 200 mg  
 Potassium Clavulanate Diluted IP  
 Eq. to Clavulanic Acid ..... 28.5 mg  
 Excipients ..... QS

**Used In :**  
 To treat various bacterial infections, including ear (otitis media), sinus, throat (tonsillitis), lung (pneumonia, bronchitis), skin, soft tissue, and urinary tract infections

₹ 64.85

30 ml Glass Bottle with Water for Reconstitution

# AMOXINETA CV 1.2

**Composition:**  
 Each vial contains :  
 Amoxicillin Sodium (Sterile) IP  
 Eq. to Anhydrous  
 Amoxicillin ..... 1.0 g  
 Potassium Clavulanate (Sterile) IP  
 Eq. to Clavulanic Acid ..... 200 mg

**Used In :**  
 To treat severe bacterial infections, including pneumonia, severe sinus infections, skin infections, and complicated urinary tract infections

₹ 152.35

Pack Size 1.2 g Vial + WFI + Mono Carton

# Cefneta™-100 DT

**Composition :**  
 Each uncoated dispersible tablet contains :  
 Cefixime (As Trihydrate) IP  
 Eq. to Cefixime Anhydrous ..... 100 mg  
 Excipients ..... QS

**Used In :**  
 To treat a wide range of bacterial infections in children and adults, including respiratory tract infections (pneumonia, bronchitis), urinary tract infections (UTI), ear (otitis media), throat, nose, and sexually transmitted diseases like gonorrhea

₹ 120.90

Pack Size 20 X 10 Tablets

# Cefneta™-200 DT

**Composition :**  
 Each uncoated dispersible tablet contains :  
 Cefixime (As Trihydrate) IP  
 Eq. to Cefixime Anhydrous ..... 200 mg  
 Excipients ..... QS

**Used In :**  
 To treat various bacterial infections, including urinary tract infections (UTIs), respiratory infections (bronchitis, pneumonia), typhoid fever, and skin/soft tissue infections

₹ 104.40

Pack Size 20 X 10 Tablets

# Cefneta™ O

**Composition :**  
 Each film coated tablet contains :  
 Cefixime (As Trihydrate) IP  
 Eq. to Anhydrous Cefixime ..... 200 mg  
 Ofloxacin IP ..... 200 mg  
 Excipients ..... QS  
 Colour : Brilliant Blue FCF

**Used In :**  
 To treat various bacterial infections, including urinary tract infections (UTIs), respiratory infections (bronchitis, pneumonia), typhoid fever, and skin/soft tissue infections

₹ 168.75

Pack Size 20 X 10 Tablets

# CEFPONETA 200

**Composition :**  
 Each film uncoated dispersible tablet contains :  
 Cefpodoxime Proxetil IP  
 Eq. to Cefpodoxime ..... 200 mg  
 Excipients ..... QS

**Used In :**  
 To treat a wide range of bacterial infections in children and adults, including respiratory tract infections (pneumonia, bronchitis), urinary tract infections (UTI), ear (otitis media), throat, nose, and sexually transmitted diseases like gonorrhea

₹ 104.40

Pack Size 20 X 10 Tablets

# Levoneta™ 250

**Composition :**  
 Each film coated tablet contains :  
 Levofloxacin Hemihydrate IP  
 Eq. to Levofloxacin ..... 250 mg  
 Excipients ..... QS  
 Colour : Red Oxide of Iron & Titanium Dioxide IP

**Used In :**  
 To treat various bacterial infections, including acute sinusitis, pneumonia, chronic bronchitis exacerbations, urinary tract infections (kidney/bladder), and skin/soft tissue infections

₹ 51.45

Pack Size 10 X 10 Tablets

# Levoneta™ 500

Eq. to Anhydrous Tazobactam . . . . 0.5 g

**Used In :**  
To treat severe bacterial infections, including hospital-acquired pneumonia, complicated intra-abdominal infections, skin/skin structure infections (like diabetic foot infections), and gynecological infections

₹ 426.65

Pack Size  
4.5 g Vial + WFI +  
Tray + Mono Carton

# Anti-Histamines - Cold & Cough

Antihistamines are a type of drug that is primarily used to treat allergic responses and reduce allergy symptoms. These drugs operate by preventing histamine, a substance generated by the body during an allergic response, from acting. Histamine is responsible for a variety of allergy symptoms, including itching, sneezing, runny nose, watery eyes, hives, and swelling.

Making Life Healthy™

## Aceneta® COLD & FLU

# Hematinic + Multi Vitamins + Nutrition

Multivitamins are a necessity in the modern world. Poor dietary choices, busy lifestyles, pregnancy, and certain health conditions, Dietary restrictions are various factors that affect day-to-day life.

Multivitamins are nutritional supplements that include a variety of vitamins and minerals and are often available in the form of tablets, capsules, or gummies. They are intended to complement your daily intake of important nutrients that may be deficient in your normal diet and hematinics are a group of substances that promote the formation of red blood cells and prevent or treat anemia.

Making Life Healthy™

Hematinic + Multi Vitamins + Nutrition

## Vineta™-Plus

# Cardio-Vascular

Cardiovascular medications are critical in treating and prolonging the lives of persons suffering from various heart and vascular disorders. Inotropic agents are drugs that influence the force of contraction of cardiac muscle and thereby affect cardiac output. Drugs have a positive inotropic effect if they increase the force of the heart's contraction.

Cardiovascular drugs are designed to reduce the risk of serious cardiovascular events such as heart attacks, strokes, and blood clots. Even it's prescribed in post-cardiac event recovery also. They play a crucial role in the management of heart disease conditions and it can contribute to a longer and healthier life for many patients.

### Telmaneta™ 40

**Composition :**  
Each uncoated Tablet contains :  
Telmisartan IP ..... 40 mg  
Excipients ..... Q.S.

**Used In :**  
To treat hypertension (high blood pressure)

₹ 72.20

Pack Size

₹ 351.40

Pack Size  
10 ml Vial +  
Mono Carton

# Anti Coagulants

Making Life Healthy™

Anticoagulants, commonly known as blood thinners, are chemical substances that prevent or reduce coagulation of blood, prolonging the clotting time. As a class of medications, anticoagulants are used in therapy for thrombotic disorders. Oral anticoagulants (OACs) are taken by many people in pill or tablet form, and various intravenous anticoagulant dosage forms are used in hospitals.

Anticoagulants are closely related to antiplatelet drugs and thrombolytic drugs by manipulating the various pathways of blood coagulation. Specifically, antiplatelet drugs inhibit platelet aggregation (clumping together), whereas anticoagulants inhibit specific pathways of the coagulation cascade, which happens after the initial platelet aggregation but before the formation of fibrin and stable aggregated platelet products.

## Anti coagulants

### ENOXINETA™ - 40

**Composition :**  
Each pre-filled Syringe contains :  
Enoxaparin Sodium IP ..... 40 mg  
(4000 Anti-factor Xa units)  
Water for Injections IP ..... Q.S.

**Used In :**  
As an anticoagulant to prevent and treat dangerous blood clots, such as Deep Vein Thrombosis (DVT) and Pulmonary Embolism (PE)
